

Manifold for 4V,3V,4A,3A series valves:

4V200M-4F 4V200M-6F

1.Ordering Code:

Quantity of rows

 2F: 2rows
 5F: 2rows
 8F: 2rows

 3F: 2rows
 6F: 2rows
 9F: 2rows

 4F: 2rows
 7F: 2rows
 10F: 2rows

...

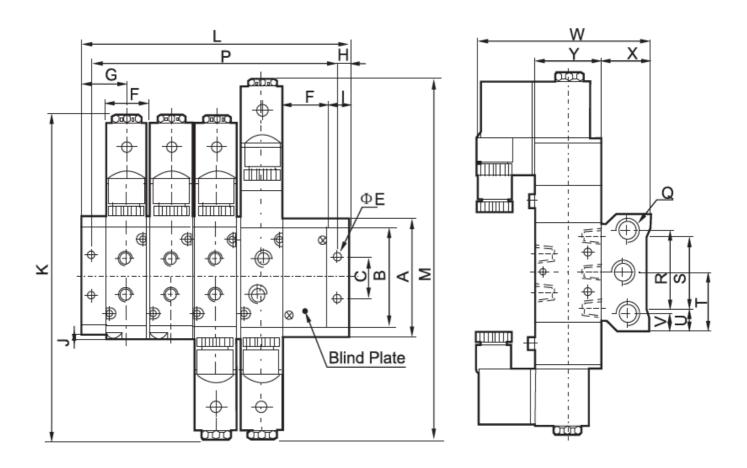

2. Characteristics:

- 1) A manifold helps to come together with multiple solenoid valves or air valves efficiently.
- 2) The number of rows can be ordered by customer's need.
- 3) Pressure unit: 1kgf/cm²=1bar=0.1MPa=100KPa=14.5psi
- 4) Different thread types can be offered according to customers' requirements, e.g.: PT, NPT etc.

3. Overall and Dimension Sheet:

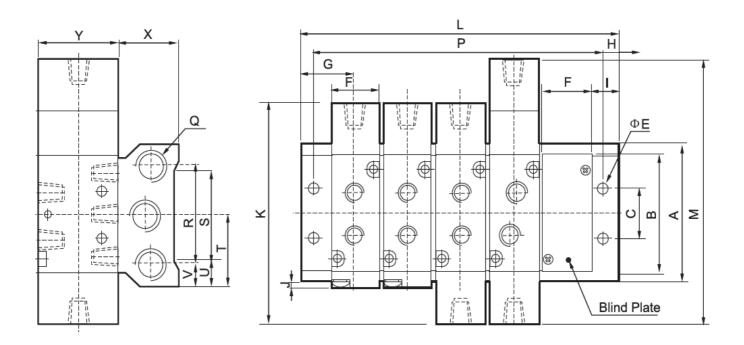

4V Series
